Hello Everyone,

and welcome to our Golf & Country Club Schönenberg 2026 Season :)

I hope you all enjoyed the winter and stayed more or less warm (if not, next year we are going to South Africa ... and steaks are very good for Long Drives :)

Wow 2026 ... to start the season, if you would like to get the rust off and refresh, or get into a proper training program to improve your golf and scores, please just let me know and we can discuss what would work best for you (and book times that are best for you).

Professional, Friendly Instruction aimed at making your Personal Swing Better... Quality over Quantity and in a Fun Simple way.

Short Lessons, Long Lessons, Video and Lessons On the Course ...

Special Private Junior Courses for Silver & Gold and 10 Lessons Packages are all great ways to kick off your Golf Season:)

Thanks very much

Best wishes

Cheers, Dave
