Dear GCCS Members,

I hope you are well and had a great winter.

Again, thank you to everyone who visited me in Players Playground, Thalwil during the winter months, the atmosphere was awesome and it made it a very short and quick winter.

I would like to offer GCCS Members a **special kick start to the season:**

"How to create Maximum distance and Control"

For a special price CHF 100 for 50 minutes including Trackman data.

If you like to accept my offer, please contact me direct on: 079 533 5243. I wish everyone a great season and look forward to helping again.

Happy Greetings,

Guy
