

## Love & Learn Golf

Hello dear Schönenbergers and welcome to another Glorious golf season.

This year I want to see you enjoy your free time more and succeed in situations where in the past you may have failed...

I've given your hobby a lot of thought over the Winter and I've designed a few different courses to help you enjoy every possible challenge that Schönenberg has to offer.

Training in groups and taking part in the discussions that occur can make learning a lot more fun so if you see a course that appeals to you please contact me asap as I like to keep the groups small and intimate.
